Dear Sir or Madam:

**Re: Petition for Approval of a Class Action Lawsuit**

Bank Leumi Le-Israel Ltd. (“the Bank”) is pleased to report the following:

On 15 February 2015, the Bank received a petition for approval of class action which had been submitted to the Tel Aviv-Jaffa District Court on 11 February 2015.

The lawsuit involves an allegation made by the petitioner that the Bank apparently maintains a “black list” of customers. The petitioner alleges that the Bank uses this to mark certain customers within the Bank’s systems – for an unlimited time – in a manner that, the petitioner alleges, harms them or makes it difficult for them to obtain credit or to carry out other business activity with the Bank. According to the petitioner, the maintenance of such a “list” without transparent criteria constitutes a violation of the law and of the legal and behavioral norms.

The petitioner estimates that the amount of the claim for all members of the group that the petitioner seeks to represent within the framework of the class action will come to approximately NIS 2.3 billion, with respect to non-financial damages which the petitioner has estimated. The petitioner asks for additional financial compensation for personal financial damages caused to each member of the group, which he cannot estimate, and for which the Bank believes a class action proceeding is not appropriate.

Very sincerely,

Bank Leumi Le-Israel Ltd.
